PTCB series

Narrow electronic circuit breakers for 24 V DC

Narrow electronic circuit breakers

At 6.2 millimeters wide, PTCB narrow electronic circuit breakers easily find space even in the most densely populated control cabinets while delivering protection to critical loads. PTCB electronic circuit breakers cover a wide range of applications and are available for either fixed current or programmable current, adjustable from 1 to 8 amps. The single-channel PTCB series is Listed to UL 508 and Recognized to UL 2367. NEC Class 2 solutions are also available to eliminate fire and shock hazards.

Two families of PTCB products are available. Standard PTCB offers a Normally Open (NO) dry contact output to indicate when the circuit trips. The distinguishing feature of the second family is a status inverted-reset (SI-R). The SI-R utilizes a digital status output to indicate when the circuit trips. It also has a separate digital reset input that enables a tripped device to reset remotely.

For more information about how the PTCB narrow electronic circuit breakers work with our Limited Lifetime Warranty, please visit: www.phoenixcontact.com/LLW

Normally Open (NO)						
		Nominal current	Operating voltage	Part description	Part no.	NEC Class 2
	Programmable current setting	1-3 A	18...27.5 V DC	PTCB E1 24DC/1-3A NO	2909909	✓
	Fixed current setting	1-8 A	18...30 V DC	PTCB E1 24DC/1-8A NO	2908262	
		1 A	18...30 V DC	PTCB E1 24DC/1A NO	2909902	✓
		2 A	18...30 V DC	PTCB E1 24DC/2A NO	2909903	✓
		3 A	18...27.5 V DC	PTCB E1 24DC/3A NO	2909904	✓
		4 A	18...30 V DC	PTCB E1 24DC/4A NO	2909906	
		6 A	18...30 V DC	PTCB E1 24DC/6A NO	2909908	
		8 A	18...30 V DC	PTCB E1 24DC/8A NO	2909910	

Status Inverted-Reset (SI-R)						
		Nominal current	Operating voltage	Part description	Part no.	NEC Class 2
	Programmable current setting	1-4 A	18 V DC ... 27.5 V DC	PTCB E1 24DC/1-4A SI-R	1135753	✓
	Fixed current setting	1-8 A	18 V DC ... 30 V DC	PTCB E1 24DC/1-8A SI-R	1135752	
		1 A	18 V DC ... 30 V DC	PTCB E1 24DC/1A SI-R	1135751	✓
		2 A	18 V DC ... 30 V DC	PTCB E1 24DC/2A SI-R	1135749	✓
		4 A	18 V DC ... 27.5 V DC	PTCB E1 24DC/4A SI-R	1135745	✓
		6 A	18 V DC ... 30 V DC	PTCB E1 24DC/6A SI-R	1135740	
		8 A	18 V DC ... 30 V DC	PTCB E1 24DC/8A SI-R	1135734	

Accessories

The PTCB product family is compatible with standard terminal blocks and accessories from the CLIPLINE complete system. Integration into your application is simple and quick.

Ongoing communication with customers and partners worldwide

Phoenix Contact is a global market leader based in Germany. We are known for our future-oriented components, systems, and solutions in the fields of electrical engineering, electronics, and automation. With a global network reaching across more than 100 countries with over 17,400 employees, we stay in close contact with our customers, something we believe is essential for success.

Our wide variety of innovative products makes it easy for our customers to find future-oriented solutions for multiple applications and industries. We focus predominantly on the fields of energy, infrastructure, process, and factory automation.
